

# European Society of Hypnosis

In Psychotherapy and Psychosomatic Medicine

**Our Ref:** NR / CH

**Date:** 11<sup>th</sup> June 2009

Dear ESH Member

Contemporary Hypnosis has been accepted as the official journal of ESH.

As Wiley stops editing it at the end of 2009, a new publisher considers taking it over.

ESH Members could get a special subscription rate of 25 Euro for access to 4 issues online per year. You can get product information, including abstracts and past articles at the following website:

<http://www3.interscience.wiley.com/journal/112094299/home/ProductInformation.html>

To assess the costs and number of possible subscriptions, we urge you to fill in this important survey. The more people interested and letting this known by the survey, the more chance to get the favourable conditions and to have a new publisher take over.

Your support is crucial for Contemporary Hypnosis to survive!
